On May 29, 2017, the agency received a report regarding a 13-year-old child pronounced deceased in her home. Law Enforcement was contacted and initiated a criminal investigation into the child's unexplained death. The Medical Examiner's Office has not determined the official cause of death. No criminal charges have been filed in this case, and the investigation remains open.

Findings by agency, including maltreatment determination and material circumstances leading to incident:

The agency collaborated with law enforcement and medical personnel to complete the assessment. The Initial Assessment completed by the agency found a preponderance of the evidence to substantiate maltreatment of neglect to the child by the mother. Medical professionals have not determined the official cause of death at this time; however the agency determined that the mother's neglect contributed to the child's death.
